1. Why should I purchase Syncios Passcode Unlocker?

Syncios Passcode Unlocker is a robust program that helps you break the shackles of various locks on iOS devices. If you are bothered by a disabled iPhone due to multiple passcode errors or a second-hand iPhone tied with the Apple ID of the previous owner, Syncios Passcode Unlocker is your savior. Once you purchase this program, use the given User ID and license key, and you can enjoy the full fabulous features of Syncios Passcode Unlocker to take complete control of your device.

2. What benefits do I have after registration?

- You can use the full functions and features of the Syncios program.
- You can enjoy lifetime FREE upgrades of the latest versions of Syncios.
- You can enjoy FREE technical support.

Register Syncios Passcode Unlocker

Step 1. If Syncios Passcode unlocker can meet your demands and be the suitable product you are looking for, you can subscribe to it and place an order. Once the order is created, you will receive an email with your personal ID and key. Then launch Syncios Passcode Unlocker on your PC or Mac. On the following main interface, click the "**menu**" button on the top right corner and choose "**Register**".

Step 2. In the pop-up "**Registration**" window, copy paste your registration email address and license key into corresponding boxes. Make sure that there is no any typo and simply hit the "**Register**" option.

Note: The registration info is case-sensitive. And, please do not add a blank at the beginning or the end of the word. Make sure both the Email address and key code are the same as what we provided in the confirmation email after purchasing the program. If not, an error message will pop up as below:

“The registration information must be entered exactly as they appear in your confirmation email. Using copy and paste method to enter the license is recommended.”
